Pleasant Campaign Promised

After all the prayers for peace and harmony in the ranks of the democratic party, there appears to be considerable discontent existing between the different factions. The Clark advocates will not readily admit that Wilson is a fit person to be the standard bearer, and neither will the Wilson followers admit that Clark is in any way qualified to lead his hosts into battle. As for Bryan, he has few supporters in both ranks, but it believed to have lost prestige lately. As for Harmon, he is admitted by most democrats to be the representative of the interests. As a result of the feeling, a merry war appears to be brewing and it appears doubtful if the action of the national convention in making their selection will cement the splits that have occurred.

The same factional differences were to be observed in the republican party prior to the convention, but now that a selection has been made the majority of the rank and file have signified their intention to support the party candidate. Malcontents, of which Roosevelt is the leader, have declared for a new party, and the same will probably prove true in the ranks of democracy. With three parties in the field, not counting the socialists and prohibitionists, the coming campaign should be quite interesting. The only sad feature about the entire proceedings will be the appearance of Roosevelt upon the speaker's stand without a bat. A hatless candidate is generally placed in the same category with a brainless candidate.

Rudolph Spreckels of San Francisco has volunteered moral and financial support to William Jennings Bryan if he is chosen as the democratic candidate for the presidency. If we are not mistaken Spreckels represents the sugar interests of California and occupies a position in the west that is of the same importance as Havemeyer, the sugar trust magnate, is to the east.

The Fourth of July committee juggled the drilling stone site like the San Francisco exposition committee juggled the site for that affair. After carrying the stone about town all one night and half the next day it was placed on the only feasible spot which should have been selected at the first instance.

It is the live, up-to-date merchant who advertises his wares and seeks to attract business to his place. The merchant who does not advertise and accepts what little business that comes his way cannot be described as being live and up to date. He is generally of the opposite type.

With both political parties shouting the death knell of the trusts, the aforesaid corporations appear to be waxing fat and are not losing any sleep worrying over the outcome.

Nevada has much to be thankful—neither Heney or Johnson hail from this state.

A Clean City

Every endeavor should be made by the residents of Tonopah to co-operate with the city authorities in cleaning up the yards, streets and alleys that the city might present a clean appearance when the hundreds of visitors journey here to attend the Fourth of July celebration. On Saturday, Monday and Tuesday the chief of police will have wagons to gather up the rubbish and it should be the duty of Tonopah residents to see that substantial piles of rubbish are placed where it can be transferred to the wagons without difficulty.

Numerous vacant lots are strewn with rubbish and many an eye sore can be removed if neighbors would take the ordinary interest in the appearance of their neighborhood. Even yards surrounding occupied dwellings are covered with refuse and a half hour's work on the part of the occupant of the dwelling will remedy the unsightly surroundings. It is the duty of the people of Tonopah to join in the movement to clean up the city, a duty that should be carried out without a reminder, and from the expressions to be heard from various property owners it appears assured that every one will turn to with a will and make Tonopah a spotless town before the coming week is half spent.

RAPID WORK IN CONSTRUCTION OF BOXING RING

RING AND GRAND STAND SEATS
WILL BE COMPLETED BY
MONDAY EVENING

Work is being rushed on the arena, now under the course of construction at Recreation park, for the boxing contest that will take place on July Fourth. The ring is being built directly in front of the grand stand and midway between the two bleachers. Four rows of seats will be built in addition to those now already up, and the spectators will be afforded a splendid view of the match.

The ring and seats are in the open air and the preparations call for the seating of a large crowd. At the present rate of progress the ring and seats will be completed by Monday. The fence around recreation park will be repaired before the date of the contest.

It is expected that the fight will be witnessed by many women as Sheriff Malley will detail extra officers to see that order is preserved and no rough house tactics are indulged in by the spectators. The women will be given every consideration, as they have in past contests of this kind held in this city.

The referee for the fight has not been chosen as yet, but the selection will be made at least a day or two before the date of the contest.

STOCK RANCH FOR SALE

3,000 acres of U. S. patented land in heart of Sonoma county, Cal.; the water rights control scattered fractions aggregating several hundreds of "possessory" title acres; all fenced and cross-fenced. Abundantly watered by flowing streams and living springs; now used for cattle and hogs; in a thermal belt where oranges, lemons, limes, etc., grow perfectly; hundreds of acres adapted to apples, prunes, cherries, pears, grapes, walnuts, almonds, etc. Some very rich garden, berry, corn and hay land. Only 2 1/2 miles from post and express offices, telephone, etc. A 1,000,000 gallon cooperage winery; not far from railroad and live towns. Owner is rich and retiring from active affairs of life. The price is but \$10 per acre—\$30,000—the "possessory" acres are free. Lots of timber and near markets. The delightful balmy climate is due to the county's near-by 70 miles of sea coast, and 45 inches annual rainfall. This is a great bargain for either investment or speculation.
